

QT

HUMAN PHYSIOLOGY

- 4 Comparative physiology between humans and animals
- 20 Research. Research design in physiology
Include research to support evidence-based practice
Classify research on a specific subject with the subject
- 21 Physiology as a profession. Ethics, peer review
- 23 Laboratories. Institutes in physiology
- 25 Laboratory manuals. Techniques in physiology
- 26 Equipment and supplies relating to physiology
- 26.5 Use of computers, IT and telecommunications technology in physiology
- 29 Handbooks and resource guides in physiology

PHYSICS. MATHEMATICS. ENGINEERING

- 34 Biophysics.
See WN for Radiology and diagnostic imaging
- 36 Biomedical engineering
- 36.5 Nanotechnology
- 37 Biomedical and biocompatible materials. Include ceramics and polymers.
Put works on dental materials in WU.
See WO350 for surgical applications

HUMAN PHYSIOLOGY

- 104 Human physiology
- 107 Popular works on human physiology

- 111 History of the study of physiology
- 113 Dictionaries. Encyclopaedias. Bibliographies of physiology
Use for general works only. Classify with specific subjects where possible
- 118 Education and training in physiology
Include educational materials for both teaching and study
- 120 Homeostasis
- 140 Environmental exposure. Physiological adaptation
- 145 Acclimatisation
- 150 Hot climates. Desert climate. Tropical climate
- 160 Cold climates. Arctic region. Antarctic region
- 162 Other Environmental factors acting on human physiology
- 165 Body temperature regulation
- 167 Physiological periodicity. Circadian rhythms. Biorhythms. Biological clocks
- 172 Exocrine glands

HEALTHY LIVING

- 200 Healthy living. Well-being. Self-care to retain and enhance health
- 230 Lighting. Air. Sunlight. Living space

HEALTH ASPECTS OF LEISURE ACTIVITIES AND SPORTS

- 250 Recreation. Outdoor activities.
See HM300 for sociological aspects of recreation
- 255 Physical fitness. Physical education.
See W570 for health promotion aspects of physical fitness

- 260 Athletics. Sports
See HM 340 for sociological aspects of sports; W570 for health promotion aspects of sports; WD 500-510 for Sports medicine
- 265 Relaxation. Rest. Sleep
Use also for lack of rest, sleep deprivation etc. For general works see WL720-6
