

WJ

UROGENITAL SYSTEM. UROLOGY

- 1 Societies
- 11 History
Include all aspects
- 13 Dictionaries. Encyclopaedias. Bibliographies
Use for general works only. Classify with specific aspect where possible
- 15 Classification. Nomenclature
- 16 Tables. Statistics
- 18 Education and training
Include educational materials for both teaching and study
- 19 Schools, departments and faculties of urology
- 20 Research. Research design
Include research to support evidence-based practice
Classify research on a specific subject with the subject
- 21 Urology as a profession. Careers
Include ethics, accountability, etc
- 22 Directories
- 23 Laboratories. Institutes. Include sperm banks
- 25 Laboratory manuals. Techniques
- 26 Equipment and supplies
- 26.5 Use of computers, IT and telecommunications technology
- 27 Health services. Hospitals. Clinics for urology and nephrology
Include health services policy and planning

- 32 Laws
- 33 Discussion of laws
- 100 Urogenital system. Urology. General works
 Classify here works covering the specialty and diseases. See WJ140 for
 diseases only
- 101 Anatomy. Histology. Embryology. Abnormalities
- 102 Physiology. Biochemistry
- 140 Urological and urogenital diseases and disorders. General works
- 141 Urological examination and monitoring. Diagnosis. General works
 Include urodynamics
 See also with specific organs
- 145 Urination and urination disorders
- 146 Incontinence. General works
 Classify here comprehensive works covering both urinary and faecal incontinence
 See WI602 for works on faecal incontinence only
 See WT148 for incontinence in the elderly
- 148 Aids, equipment, clothing
- 151 Urinary tract infections
 See WC140 for sexually transmitted infections
- 155 Cystitis
 Include works on self-help
- 160 Neoplasms of the genitourinary system. General works
 Classify with the specific organ where possible
- 166 Urological therapeutics. Catheterisation. Lithotripsy
 Include drug therapy
- 168 Urological surgery
- 190 Gynaecological urology
- 195 Urological nursing. Include care of the patient in general

PARTS OF THE SYSTEM

Classify with the specific part or disease where possible

KIDNEY. NEPHROLOGY

- 300 Kidney. Nephrology. General works
See WJ310 for kidney diseases only
- 301 Anatomy. Histology. Embryology. Physiology. Abnormalities. Immunology
- 302 Diagnosis. Radiography. Pyelography. Monitoring. Biopsy
See QY175 for kidney function tests
- 303 Urinary secretion. Anuria
- 310 Kidney diseases. General works
- 315 Renal manifestations of other diseases
- 320 Nursing care. Care of the renal patient in general
- 330 Nephrosis
Include nephrotic syndrome
- 340 Kidney failure
- 341 Acute kidney failure
Include Crush syndrome
- 342 Chronic kidney failure
- 343 Proteinuria. Albuminuria. Renal aminioaciduria
- 344 Haemoglobinuria. Haematuria. Myoglobinuria
- 348 Uraemia
- 351 Infections. Pyelitis. Pyelonephritis
- 353 Glomerular disease
Include glomerular nephritis

- 356 Kidney calculi. Nephrocalcinosis
- 357 Cystic kidney. Polycystic kidney diseases
- 358 Neoplasms
- 360 Renal therapy. General works
- 368 Renal surgery. Kidney transplantation
- 378 Artificial kidney. Haemodialysis. Home dialysis
- 380 Peritoneal dialysis
- 385 Diet for dialysis patients

URETER

- 400 Ureter. Include diseases and therapy

BLADDER

- 500 Bladder. Include diseases. General works
Include cystoscopy; cystoscopic surgery; urinary calculi; urilithiasis
- 504 Neoplasms

URETHRA

- 600 Urethra. Include diseases and therapy

MALE GENITALIA

- 700 Male genitalia and genital diseases. General works
See WC140-190 for sexually transmitted diseases
- 701 Anatomy. Histology. Embryology
- 702 Physiology

- 709 Fertility. Sterility. Impotence. Erectile dysfunction
See WP143 for gynaecological aspects; HQ200 for sexual problems in general
- 712 Sex differentiation disorders
See HQ320 for transsexualism; HQ300 for gender identity; HM240 for gender roles; HQ120 for psychology of sex
- 715 Transsexual surgery
- 720 Surgery of male genitalia. General works
- 750 Prostate. Seminal vesicles. Ejaculatory ducts
- 752 Prostate diseases. Neoplasms
- 768 Surgery of prostate
- 780 Vas deferens. Spermatic cord. Vasectomy
See HQ180 for general aspects of sexual sterilisation and WP690 for surgical sterilisation of women
- 790 Penis. Foreskin. Circumcision
- 800 Scrotum. Scrotal contents. Epididymis. Tunica vaginalis
- 830 Testis
- 834 Spermatogenesis. Spermatozoa
- 840 Cryptorchism. Cryptorchidism. Eunuchism and related disorders
- 858 Neoplasms of the testes
- 868 Surgery. Orchiectomy. Castration
- 875 Testicular hormones and antagonists
